Galvanic Works: Boilerplate

Standard Boilerplate (100 words)

For press releases and media coverage:

Galvanic Works is a marine IoT company applying science and technology to pleasure sailing boats. Founded, privately held and entirely financed by experienced sailors, the company is headquartered in Llubí, Mallorca (Balearic Islands), Spain, with the express purpose of improving the safety of pleasure sailors. Its flagship product, Galvanic Voice, integrates AIS collision avoidance, automatic Man Over Board detection, anchor watch, crew watch management, and boat systems monitoring into a single device, speaking more than 500 contextual alerts in five languages. Priced at €950 ex-VAT with no subscription. Galvanic Voice is nominated for Equipment Innovation of the Year at the British Yachting Awards 2026. For more information, visit galvanicworks.com.

Short Boilerplate (50 words)

For limited space:

Galvanic Works is a marine IoT company applying science and technology to pleasure sailing boats. Its flagship Galvanic Voice (€950 ex-VAT, no monitoring subscription) speaks every alarm in plain language, AIS collisions, anchor drag, Man Over Board, and more, across five languages. Galvanic Voice is nominated for Equipment Innovation of the Year at the British Yachting Awards 2026. Mallorca-based. galvanicworks.com

---

One-liner

For social media, bios, and quick mentions:

Galvanic Works makes boat alarms you can actually understand.

Tagline

Every alarm heard. Plain language, every time.

Usage Notes

- Use "Galvanic Works" (two words) for company name
- Use "Galvanic Voice" (two words) for product name
- Headquarters: Llubí, Mallorca (Balearic Islands), Spain (not "Palma", not just "Mallorca")

- Price always in euros (€950 ex-VAT)
